SHOULD RESIDENCE within the city limits be one of the requirements for membership on any city commission?

At the present time, members of the city council are required to live within the city limits. The same qualification has been established also for the parks and recreation commission.

But there is no such requirement for members of the Planning Commission.

Recently the City Council drafted an ordinance that would require city residence for membership on all advisory boards. Before the final reading was given the ordinance, it was decided that this could best be handled by council policy.

-0-

ONLY COUNCIL minute action then would be necessary to appoint an exceptionally well qualified person who happened to live outside the city.

Almost all members of the City Council were agreed that a commissioner should live within the city, but having it as a council policy instead of an inflexible city law gave a little latitude in rare instances when a person is just over the line.

Councilman Ed Rogers, who had pushed the residence requirement agreed to making it a policy matter instead of a law.

But he again stressed that the city was now big enough to find qualified people within its borders rather than going outside for talent.

-0-

AS OUR RECORD will show, we have long advocated the residence requirement, not only for members of the commissions, but also for key city employees.

We agree with Rogers that the city is now big enough (21,600) to find the necessary talent. In fact we hollered for such a requirement long before the city had reached its present population level.

And we have had some pretty hot and heavy verbal battles because of our opinion.

Opponents to our contention claimed that the residence requirement would limit the city in the search for top-notch personnel to man city hall. They also maintained that a prospective employee would be penalized, if it so happened that he was buying a home or had other committments outside the city.

We concede that in rare instances, city employees would undergo a hardship, if they would be forced to move within the city limits in order to go on the city payroll.

-0-

BUT, WE GUESS we belong to the old school.

In order to have the deep-seated feeling for one's community, we feel that it is necessary to be a part and parcel of it all the way.

This community spirit, in our book, is something that can't be

Local high school district gets top rating in salaries

Campbell Union High School District has been named among the 30 "salary leaders" of the 200 school districts in the San Francisco Bay area by the California Teachers Association, it was reported this week.

This marks the third consecutive year that the high school district has been so designated by the CTA. The rating is based on comparitive salary schedules currently in effect in the school districts.

According to the CTA committee, the Campbell elementary did not qualify for leadership recognition this year, although it was rated among the 30 last year. The CTA committee reported that a small adjustment in the local elementary district's salary schedules for 1965-66 did not permit the district to "qualify."

Listed among the leaders with Campbell Union High School for the third year from the county were San Jose Unified; Los Gatos High; Santa Clara City; Live Oak Union High; East Side Union High; Fremont High (Sunnyvale); and Mountain View Elementary.

Milpitas Elementary was listed for the second year. Other county districts among the "top 30" were Palo Alto and Gilroy.

According to the California Teachers Association, "salary leaders" are those with 1965-66 schedules representing most significant progress toward professional salary goals set by the national and state teachers organizations.

Current goals, according to CTA, is for a minimum $7,000 annual salary and for doubling this salary within 10 years of successful teaching experience.

New lane for '17'

Bids will be opened on Jan. 5 in Sacramento for the adding of a southbound lane on Highway 17 between Hamilton Ave. in Campbell and Interstate 280, the State Division of Highways reported this week.

The division reports that a total of $126,000 is available for the grading and paving of the lane for a distance of 1.8 miles.

The Santa Clara County project was one of 11 in the state that went out for bids.

Campbell post office expands hours for holidays

Campbell's post office goes on the Christmas season hourly schedule this week as the office prepares for the heaviest onslaught of holiday mail in local history.

Postmaster Jim Hurley, in announcing the expanded schedule for the convenience of local patrons emphasized that using the Zip Code will facilitate mail arriving on time.

Hurley said that last year the local office handled more mail than ever before, yet the operation was the most efficient in history. He cited the use of the Zip Code as the main reason for the success. He expects even greater volume of mail this year.

In other suggestions to assist in moving the mail, the postmaster urged that address lists be updated; that people shop and mail early and wrap packages securely; that greeting cards be separated into local and out of town bundles and, of course, that Zip Codes be used on all mail for both return and destination addresses.

Hurley also said that parcels for distant states should be mailed prior to Dec. 5 and that gift parcels for local and nearby areas should be mailed not later than Dec. 14.

Under the holiday schedule, the post office will be open Monday through Friday, from 8 a.m. to 6 p.m. starting next Monday, Dec. 6.

Effective this Saturday (Dec. 4) and on Dec. 11 and 18, the office will be open from 9 a.m. to 5 p.m.

On Sunday, Dec. 19, the office will be open from 12 noon to 4 p.m.

Viet Nam support

At a recent City Council meeting, the council adopted a resolution "expressing support and devotion to the members of the armed forces of this country fighting in Viet Nam." We commend the council for its action.

Before the resolution was adopted there was considerable discussion among the members of the council as to wording of the resolution and also whether the council had the right to speak for the citizens of the community on such a subject.

Basically, as one councilman pointed out, there seemed to be some question as to whether this country was right in going into Viet Nam in the first place. He said that some authorities seemed divided on the subject.

But the question, as Councilman Bill Smeed who introduced the resolution explained, was not primarily one of whether the policy was right or wrong in the first place. Our country is committed and American soldiers are being killed every day, he emphasized.

The resolution, as adopted, is basically the same as that passed by the City of San Mateo council and by other cities. One paragraph of the San Mateo resolution, however, was modified by the local council.

The San Mateo resolution condemned those "vociferous groups and individuals in our society" that have, "by illegal demonstrations and otherwise, sought, and are seeking to undermine" this government's policy.

The Campbell version eliminated the "illegal demonstrations" etc. and used "discredit" instead of undermine.

During the discussion, Councilman Ed Rogers emphasized that some of the demonstrations against Viet Nam are not illegal. The courts have ruled otherwise.

Councilman Rogers, a World War II veteran, also abstained from voting on the resolution because, as he explained, he has developed strong feelings about modern warfare. He cited fire bombs as an example of horror.

We agree with Councilman Smeed's point that our armed forces are in Viet Nam now. There is a war going on whether it is labeled as such or not.

We also might add that, in our opinion, and we have had considerable experience in warfare, there is no nice way to fight battles. Someone is going to get hurt.

There is no question that this country's enemies are using these demonstrations (illegal or legal) as propaganda to show that this country is deeply divided. Naturally they will exaggerate the situations to serve their purpose.

Only a small minority are involved in Anti-Viet Nam demonstrations. Maybe these resolutions of the various cities will help offset these un-American actions on a part of a paltry few. We hope so.

Here is the resolution as passed by the Campbell council. We think it makes good reading:

RESOLVED, by the City Council of the City of Campbell, California that

"WHEREAS, young men of the City of Campbell, California, are engaged in mortal combat in Viet Nam in support of the Foreign Policy commitments of this Nation;

"WHEREAS, various groups and individuals in our society are seeking to discredit this policy;

"WHEREAS, these actions have been given such vast publicity in the press, on radio and television, that many people, including those of hostile nations, have been erroneously led to believe that the majority of our people are not willing to support our commitments or uphold our national honor; and

"WHEREAS, members of our armed forces, themselves convinced of the rectitude of our Asian policy, have expressed concern and shock over the apparent attitude of those for whom they are fighting, and are desirous and deserving of a forthright statement of our support for and interest in them.

"THEREFORE, BE IT RESOLVED, that this Council, as the duly elected representatives of the people of Campbell, deplores the fact that the publicity given to the opinions of such a small minority of our people has tended to mislead the world into considering this Country deeply divided;

"BE IT FURTHER RESOLVED, that this Council hereby extends to the members of the armed forces, its fullest support and warmest devotion to them as they perform their hard duty, thus assuring them that the spirit of patriotism is not dead in this country and that they are neither forgotten nor unappreciated by us; and

"BE IT FURTHER RESOLVED, that copies of this resolution be sent to the President of the United States, to the United States Senators from this State and to Congressmen from this district for their information and edification, and to the several communications media for widespread dissemination to the public at large, and that further copies be sent to the legislative bodies of the cities of this State with the expressed hope and request that they will see fit to adopt similar resolutions."

turned off at 5 p.m. and then on again at 8 a.m.

We concede, before we get jumped on from all sides, that with the overlapping boundaries that are the vogue around here, it is difficult to tell just where one lives.

Still in all we believe that department heads especially should live within the city limits.

This idea of "do as I say, not as I do" can sometimes get a wee bit sticky.

-0-

IN THE EARLY stages of the city, good arguments could be made for getting "outsiders" to serve on the Planning Commission. The population of Campbell was 7,500 when the city was incorporated.

But even then there weren't too many "outsiders" on the Planning Commission. Hollis Logue, the well known architect, comes to mind as an example of supplementing local talent in the early history of the city.

But with three times the population, we agree with Ed Rogers. We should not have to go outside this city's boundaries to find qualified people.

When Tom Perry, an instructor at West Valley College with years of banking experience, was appointed to the last vacancy on the Planning Commission, the City Council, at the suggestion of Councilman Bill Smeed, tried for the first time a new system in the selection of a commissioner.

Interested citizens were asked to apply by listing their qualifications. A council committee interviewed the candidates and made a recommendation to the entire council.

-0-

THERE WERE ten people who had indicated they would like to serve on the commission.

We are pleased that the council is going to follow the same procedure in picking the successor to Homer Hyde, who resigned from the commission to accept an appointment as councilman to replace Bob McElroy who resigned.

Those interested in serving on the Planning Commission are asked to file their names and qualifications with City Clerk Dorothy Trevethan.

We are convinced that there are many citizens in our community (within the city limits) that are qualified and would make good planning commissioners.

We would like to see a whole raft of names filed with Dorothy Trevethan.

How about it?

Till tap

Two youths who drove into Floyd Arnold's Shell Service station at 570 E. Hamilton Ave. to ask for directions, made off with $140 from the till, according to a report at the Campbell Police Department.

The youths, who were driving a 1958 blue Bel Air Chevrolet, parked a short distance away from the outdoor cash box. While the attendant went inside the station office to look at the map, the men cleaned the cash box of tens, five and one dollar bills.

Cub Scouts

The November pack meeting for Pack 330 was held at San Tomas School.

The meeting was opened with the flag ceremony being conducted by Mrs. Hamm's Den 1. The Den then led the cubs and parents in singing "The Star-Spangled Banner," while flash lights were played on the flag.

Den 3 presented a skit on "What's Thanksgiving?" Those present were reminded of how Thanksgiving Day came to be and how it applies to us today.

Cubmaster Dewey King then presented a Bobcat award to Ken Cato. Ken has now started to follow Akela down the Cub trail.

Other awards presented were: Bear Badge, Fred Brown; Lion Badge, Bill Chappell, Kevin Dunwoody; Silver Arrow, Bill Chappell; Gold Arrow, John Cummins; Denner Stripes, Mark Weller; Ass't Denner Stripes, Chuck McIntosh; and Bill Chappell, Webelos Badge.

The meeting was closed and refreshments served.

New Episcopal Church opens on Doyle Road

A new Episcopal Church in the West Valley area opened its doors for services last Sunday. The new church located at 4949 Doyle Road, just west of the Will Rogers School, will serve families in the Strawberry Park-Westgate area. Regular services are scheduled for 10 a.m. every Sunday.

The Right Reverend Richard Millard, Suffragan Bishop of the Diocese of California, is expected to formally dedicate the new church early in December.

Nursery care for children under 5 will be provided each Sunday. Next year, about the first of February, when existing facilities are expanded, a full Sunday School program will be available for the children.

RAIN DROPS ! !

During November more than five inches of rain was recorded here making it one of the wettest months in recent years. Total rainfall to date is 5.26 inches, according to the Campbell Water Co. gauge.

Last year at this time 4.06 inches had been recorded. Normal for this time of year is 2.30 inches. During the past week 1.11 inches had fallen. Total rainfall last year was 15.97 inches.

Fire toll heavy during Yuletide

Americans across the nation are being asked to make this year's Christmas fire safe. Last year, in the four days beginning at noon the day before Christmas, fire took 93 lives in the United States. This was the largest toll for any four-day Christmas holiday period since 1951, when deaths by fire totalled 111.

The Campbell Fire Department estimates that three-fourths of all fires are caused by human carelessness or forgetfulness. Ordinary care can go a long way towards reducing loss of life by fire.

CHRISTMAS SAFETY TIP

If there are smokers in your house, make sure that there are plenty of ashtrays about. Empty trays frequently. Make sure no fire is burning in the ashtray when you dispose of the contents.

BE SURE TOYS ARE SAFE

Adults should insist that all toys be safe, not likely to cause fire or shock. Good judgement is essential in purchasing chemical sets for children. On heat producing toys, the UL label is especially important.

How long has it been since you've been back to school?

It's true, times have changed since many of us were last in school . . . architecture, modern methods of education and the students themselves have changed. A solid education has never been so important to the youngsters living in your neighborhood!

Young families look for superior educational opportunities and other civic improvements when they consider buying a home in your community. Good school facilities improve your community's worth and help keep your property's value high.

Most new schools are financed through the sale of *municipal bonds. These bonds distribute the cost over a long period to keep taxes at a reasonable level.* Interest rates are decided by competitive bidding . . . added assurance that your community will get the lowest interest rates on their bonds.

Bank of America and its associated dealers bid on virtually all California state and municipal bonds . . . You can show your interest by voting in all municipal bond elections for community improvements.

SEND BOOKLET TO POPE PAUL VI--These eighth grade students at St. Lucy's School in Campbell under the guidance of Sister Claudia, SND, give final approval to the commemorative booklet sent to Pope Paul VI as a souvenir of his visit to the United Nations. Pictured left to right are Jacqueline Vieira, Stephen Donnelly, Joseph Doetsch, Margaret Ambelang, Cynthia Childs and Mary Jane Kelly.

Commemorative booklet sent to Pope Paul

In conjunction with and as a direct result of Pope Paul VI's plea for international peace addressed to the United Nations Assembly in New York on Oct. 4, the eighth grade class of St. Lucy's School under the direction of Sister Claudia, their teacher, initiated several peace projects.

Through the media of magazine collages, the class vividly illustrated quotations from Our Holy Father's United Nations address and combined these passages with findings from Scripture. The Art-Scripture project stimulated the students to compile their results into a commemorative booklet, which will be sent to His Holiness as a small memorial of his visit. The eighth grade students also gave their wholehearted support toward the pursuit of peace among men. Two sisters of Notre Dame, Sister Catherine Julie, president of the College of Notre Dame, and Sister Mary Timothy, recently visited the United Nations.

The sun came out just in time for the Campbell-Los Gatos football game on Thanksgiving Day, although those who came early or stayed late got drenched. It was a great day for the Campbell team who won their game for the first time in five years from Los Gatos...

Earlier in the day a reunion breakfast was held at the Los Gatos Lodge for all the Los Gatos cheerleaders. Also present were the Campbell varsity cheerleaders, song girls and Pirettes...

GODFREY CAMBRIDGE, out standing "stand-up" comedian will appear at San Jose City College on Sunday evening, Dec. 5.

....

An ingenious baby-sitting co-op has been running smoothly in the RINCON neighborhood for the past few years, and the mothers involved haven't had to spend a dime to have a baby-sitter. They (18 of them) have formed a co-op whereby they sit for each other free of charge. Members can earn "hours credits" in advance or "go in the hole" up to 15 hours.

All that is required is that the secretary keep a record of who is available on what days or evenings. The "gadders" must provide dessert and coffee for their evening "sitters" as well as a pillow and blanket if they expect to be out late. The sitters chalk up "time and a half" in hours for sitting during dinnertime... Maybe this idea would work in your neighborhood!

....

Tenth district constituents who wish to discuss matters involving the Federal Government are reminded that the home office of CONGRESSMAN CHARLES S. GUBSER is now open on a fulltime basis in Room 201, Bank of America Building, San Jose... The telephone number is 292-6334...

Nursery school features new teaching method

Several youngsters from Campbell are among the students attending the Villa Montessori School, which stresses learning suited for a certain stage of development. The nursery school is located in the facilities of the United Presbyterian Church of West Valley, 6191 Bollinger Rd. It is licensed by the State Department of Social Welfare and meets all requirements for nursery schools.

The teacher, Miss Renee David, who took her Montessori training in Holland, holds both a teaching and administrative certificate granted by the Association Montessori International.

Instruction in the school is broken into four basic areas. The first is practical living, the second incorporates the use of "sense materials" and the others are more intellectual - mathematics and language. Enrollment information may be obtained by contacting the registrar.

High School News

Westmont gains league crown

Westmont High School, the door mat of the West Valley Athletic League in 1964, became the undisputed champion of the league on Thanksgiving Day by defeating Leigh High 14-0.

Westmont racked up nine straight wins during the season. Last year, Westmont's first in the league, the Warriors lost seven and tied two.

Westmont, coached by Don Stillwell, nosed out Saratoga for the league crown.

Westmont dominated the Turkey game but also took advantage of fumbles to get into scoring position. Rick Woolworth scored both touchdowns. The fleet halfback accounted for 89 yards in 18 carries.

The Warriors led 6-0 at halftime and scored again early in the third period.

The sloppy field hampered the offense of both teams.

In the second quarter, Westmont took advantage of a poor Leigh punt to go ahead. The Warriors had marched from Leigh's 28-yard line and hit the scoreboard in five plays. A pass from Tom Rundall to John Beebe brought the ball to the one where Woolworth plunged over.

In the third period Westmont picked up a Leigh fumble and went over the goal line in six plays.

Cheryl (Robbie) Robertson was elected queen of Campbell's Thanksgiving festivities at the Los Gatos game. Princesses were: Carol Peterson, Connie Schnieder, Christian Sandstrom, and Mary Jane Bornes.

Rich Salciccia and Weston Clark will be vying for the position of Student Body President when the final election is held. Al Shimizu, Mark Ebner, Walt Ritter, Jim Chamberlin, Mary Gaddis and Leger Grindon will be candidates for Student Council.

A representative from the California State Employment Service met last week with members of the Senior class who will be seeking jobs upon graduation. Students who attended the meeting were told how to prepare for interviews, how to conduct themselves during an interview, and why people fail to get the jobs for which they apply.

Since the "Mod" look is "in", in this year's fashion scene, the coming Simplicity Fashion Show will look like the modern version of "the redcoats are coming."

Commentator for the show will be Miss Margaret Heyden, Fashion Stylist from the Simplicity Pattern Company in New York. Miss Heyden will present a wide variety of today's styles in sportswear, suits, jumpers, date dresses, and formals.

Campbell girls will be modeling the various clothing to the excellent background music of the Campbell High School Orchestra under the fine direction of Larry McCommas.

The background scenery will be done by the Art Department and the Campbell Debs will serve refreshments.

Everyone who is interested in the current fashion is cordially invited to attend the show which will be held on Dec. 7, at 3:00 in the cafeteria.

TEACHER FEATURE

"I really don't feel that long hair on boys is a problem," says Mrs. Beverlee Williams, one of Campbell's new Home Economics teachers.

Mrs. Williams, who incidentally is a newlywed, has just begun her third year of teaching after graduation from South Dakota State University. She chose teaching as a profession because, "I enjoy working with young people, and I feel that there is a personal satisfaction in knowing that you can do something that will help young people in their future lives." Her favorite aspect of teaching is, "to see the expression on someones face when they get an idea which you have presented."

Among her likes are working with people, and collecting and learning about foreign objects. While not saying that she either liked or disliked the British Rock and Roll groups, she did say that, "I think these groups are necessary.'

In conclusion she mentioned that she liked Campbell High because she feels that it is "well-organized, consistent" and that there is a "very good educational system here."

Prune Bowl tilt pits Long Beach against S.F

San Jose's third annual Prune Bowl game will pit City College of San Francisco the Golden Gate Conference champion, against Southern California powerhouse Long Beach City College. The game is slated to be played Saturday, Dec. 4 at 1:00 p.m. at Spartan Stadium.

Both teams will bring 7-1-1 records into the battle which features a tremendous offensive show and is stimulated by a natural North-South rivalry.

The first Prune Bowl Game was held in 1961 when Allan Hancolck College tipped San Mateo in the rain and in 1962 Foothill College waylaid Santa Rosa 42-13.

The game was dropped until this year when the Cambrian Junior Chamber of Commerce put it back together.

Bucs win Turkey Day tilt from Los Gatos 32-14

For the first time in five years, Campbell High on Thanksgiving Day got in the win column in the 32-year series with Los Gatos. The Bucs walloped the Wildcats 32-14 on the Los Gatos field.

The victory for Campbell was the fourth of the season, ending with a 4-5 record and a 3-4 mark in league play. Los Gatos still holds a big edge in the Turkey Day classic that started back in 1934. The Wildcats have 18 wins to their credit while the Bucs have only 13. One game (1943) ended in 0-0 deadlock.

Dale Daneman spearheaded the Bucs attack on Thanksgiving Day, galloping for three touchdowns and piling up 142 yards in total offense. Campbell held a 14-0 lead at halftime and then poured across three touchdowns in the third period to swamp the Wildcats.

The first score in the third quarter came on a sensational catch by end Larry Berton who grabbed the ball between two Los Gatos defenders and then scooted 50 yards to pay dirt.

Then a few minutes later, Berton intercepted a Wildcat's pass on the 24-yard line. Two plays later, Daneman took Gary Paske's pass in the flat and tore 74 yards for a score.

Daneman scored again in the same period after an eight-yard run by Steve LoBue from the 24 to the 16 yard line, he bounced the rest of the way for a TD.

Campbell had worked up a 32-0 lead before Los Gatos got on the scoreboard. The 'Cats scored twice in the final period. Both scores were made by Tony Collomer.

Daneman scored the game's first touchdown by going 13 yards after a 35-yard drive by Campbell in four plays. The score was set up after Campbell got the ball on the 25 when Jim Thompson returned a short Los Gatos punt.

Kent McLain scored the second Buc touchdown just before the first half ended on a 20-yard pass from Paske in the end zone.

BLACKFORD BEAT

BY DIANE GIPSON CAROL COOK

Last week was officially declared "spirit week" at Blackford in preparation for the Homecoming game on Thursday morning.

Wednesday afternoon a rally was held in the Blackford gym.

The Homecoming queen was chosen last week, and she was Pat Rotolo, a senior. Her princesses were Pam Johnson and Joann Nickell.

Also, the Bashful Brave was chosen. There was a candidate from each class, and they were Tom Sinclair for the freshmen, Paul Buca for the sophomores, Steve Morris for the juniors, and Rich Matusich for the seniors. The winner was Rich Matusich.

Blackford's annual Homecoming game with Saratoga was played on the Braves' turf Thanksgiving morning at 11 a.m. Blackford was defeated by a score of 20-13.

Also in the sports field, our frosh/soph team made up a game with Los Gatos last Tuesday and won by a score of 19-14.

The senior play will be held on Dec. 2, in the Blackford cafetorium at 8 p.m. This year's play will be entitled "Harvey". The story is about a six foot rabbit named Pooka and his effects on a family when he chooses Elwood P. Dowd as a companion.

The cast includes Bob Pruit playing the part of Elwood, Helen Gallager as Veta, his sister; Dale Leslie as Dr. Chumley, and Tom Olsen plays Dr. Sanderson.

Barbara Long and Nancy Nash are double cast as Myrtle Mae and Vicki Bennett and Phyllis Spiers are double cast as Nurse Kelly.

Others in the cast are: Steve Brown, Grace Griffin, Mary Plaza, Dick Millet, Natalie Kopcewich, Steve Wall, Vicki Burton, Ron Yre, and Mark Wormley.

Camden beats Del Mar

Camden toppled Del Mar 13-7 in the annual Thanksgiving battle to mark Camden's sixth win over its Turkey Day rival in the seven years that the series has been going on.

Camden finished the season with a 5-2 mark in league play and a 6-3 overall record. Del Mar closed out with a 2-5 league mark and 4-5 overall.

Although the field was sloppy, both teams took to the air in the game. Camden's two quarterbacks, Bill Grewohl and Mike Agrella, threw 30 times and completed 11.

Rick Peryam tossed 18 times and completed eight. Two scores came on passes and the third TD of the day made by Camden was set up by the aerial route.

Del Mar had a hard time holding onto the ball during the first half and didn't get past midfield. Camden scored early in the second period

WARRIOR WAYS

WYCKOFF

WITH THE THANKSGIVING holidays over Westmont is busily preparing for the Christmas season. On Dec. 17, Westmont will hold its annual Christmas Ball in the cafetorium.

Deb Club is holding a ball for all the Deb Clubs in our district. The date has been set tentatively for Dec. 22. It has not yet been decided where the ball will be held.

Steve Bennett, a Sophomore who was the Warrior of the Week recently has asked that I make clear that he went to Mexico to work in San Filippe with his Youth Group from the Church of Christ of Campbell and not the United Church of Christ.

The Junior Journalism class of Westmont has changed the date of the Car Wash to Dec. 4. The Wash will still be held at the service station at Westgate.

Westmont High School is extremely proud of our Football Team who, under the direction of Phil Tincher, line coach; Don Stillwell, head coach; and Bruce Samples, backfield coach won the League Championship. Congratulations boys!

WARRIOR OF
THE WEEK
ROSS GARRISON

Ross Garrison is the only Sophomore on our Football team. Right now Ross is playing fullback, next year however he wants to play linebacker. Aside from playing football, Ross also plays basketball and enjoys track.

English and History are Ross' favorite subjects. He is also taking Geometry, Spanish II, Sophomore Science, English II, and Boys' P.E.

After high school Ross plans to go to Washington to study dentistry. He does, however, have his eye on several other colleges.

Ross has three brothers, two younger and an older brother in college. All four of the Garrison boys play football as did their father.

Ross enjoys swimming, skiing, girls, and parties in his "spare time." When asked why he especially liked football, Ross answered, "I like the physical contact of the game, I guess I just like to hit things. Next year maybe I'll get to carry the ball. I hope."

Saratoga beats Blackford 20-13

Saratoga turned back Blackford 20-13 on Thanksgiving Day to end the season in second place in the West Valley Athletic League.

Saratoga could have gained a tie for the league crown, if Westmont had lost to Leigh. But the Warriors came through 14-0 to cinch the flag.

Steve Hanson, of Saratoga, was the big gun in the battle scoring all three touchdowns.

Blackford behind 14-0 at halftime came back strongly in the third period. A poor Saratoga punt gave the Braves their chance. Budd Gapero went over for a TD after carrying the ball for seven straight times. The second Braves touchdown came after a Saratoga fumble was recovered and Gapero again plunged over.

Campbell sports banquet tonight

The boys who have taken part in fall sports at Campbell High School will be honored along with their coaches at the Fall Sports Banquet to be held tonight, Dec. 1, at 6:30 p.m. at the high school cafeteria.

The final act in the legislative process, the affixing of a presidential signature to a bill passed by both the House and Senate, has become a major production.

Where President Eisenhower used eight pens to sign a major bill like the one which made Hawaii the fiftieth state and then distributed those pens to principal sponsors of the bill, President Johnson handed out 99 on Sept. 2 when he approved a bill for a reservoir on California's American River.

In one week last August, White House reporters counted 587 pens handed out to dignitaries who witnessed the signing of five new laws.

Before President Johnson, the signing ceremony was usually confined to the Presidential office, but now with the jet plane it is apt to occur anywhere in the world. He signed the Medicare Bill in Former President Truman's office, the Immigration Bill at the base of the Statue of Liberty, and the Education Bill in his old Texas first grade classroom.

Presidential mobility prompted a spoofing cartoonist of the Washington Star to show the President offering the surgeon who removed his gall bladder hundreds of scalpels to be used and awarded to American Medical Association Members.

Presidential bill signing is the one chore a President cannot delegate. In the 88th Congress, for example, Presidents Kennedy and Johnson together signed 666 public laws and 360 private bills for a two-year total of 1026 signatures between them.

President Johnson in the first year of the 89th Congress has signed his name to more than 430 bills. A simple multiplication process shows that the White House has become an excellent customer of the pen manufacturer.

After President Truman complained to his Postmaster General that the scratchy instrument used for one bill signing "was just like one of your Post Office pens", the Executive Office started ordering souvenir pens which cost $1. 11 each. But with the Johnson flair for distributing pens in gross lots, the White House has decided to purchase streamlined models with a facsimile Presidential signature for 17¢ each.

As the President inks pens a dozen at a time and signs his name in sixteenth inch dots, the pens are handed to Members of Congress with a handshake. Usually they end up on display in proud Congressional offices.

Lately the pens have received more notice than the 15" by 10" parchment on which the bill is printed. The Speaker of the House and the Vice President as the Presiding Officer of the Senate have previously signed attesting to the approval of the two Houses.

The last line is reserved for the President. Once signed the parchment goes to the National Archives where it receives its Public Law identification number, is microfilmed, and stored for posterity.

Opinions will vary regarding the pomp and pageantry which characterizes modern bill signing, but one point cannot be disputed. The signing of a bill is the culmination of a legislative process which distinguishes a free government from all others. I'm proud of my collection of 17¢ pens.

SOCIAL SECURITY
Questions and Answers

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
SOCIAL SECURITY ADMINISTRATION

Q. Why do you always stress that a worker inquire about social security benefits before he retires? What is the special advantage in this?

A. You gain in many ways. You find out exactly what records and papers you will need to go along with your claim for retirement benefits, and have more time to secure these before your claim is filed. And, most important, you will get your first check on time.

Q. My 16-year-old daughter plans to work part-time during the Christmas holidays and she does not have a social security card. Will she need a card before she starts working?

A. She should have her social security card to show to her employer the day she starts working. She can get a card by going to the Social Security Office at 1010 The Alameda, San Jose, and filling out the application form.

Q. I receive widow's benefits from social security. I am going to work in a downtown store during the Christmas rush. Do I use my deceased husband's social security number, or must I have a number of my own?

A. You must have a number of your own.

CHRYSANTHEMUMS

Even if they had to compete with dozens of other flowers that bloomed at the same time, chrysanthemums would still win many popularity contests with most gardeners. As cut flowers, you can't beat their rich-colored good-looks, and they make satisfactory, long-lasting arrangements. Their infinite variety of flower forms and colors make them fascinating for the hobbyist to grow; and beginning gardeners revel in the magnificent results they get with chrysanthemums by just following a few simple steps.

However, it's the chrysanthemum's time of bloom that makes them the most valuable to California gardeners. Right now, when we need cut flowers and garden color the most, they're flaunting their splendid gold, yellow, white, scarlet, orchid, mahogany and russet shades in masses of perfect blooms.

If you have plenty of chrysanthemums' blooming in your garden, all you have to do now is to keep them watered if there is no rain. The California Association of Nurserymen suggests that you keep faded blooms clipped off and stake tall plants that might topple over from the weight of their flowers. When you cut your chrysanthemums, use sharp shears, make the cut on the bias, remove lower leaves from stems, and plunge them into water immediately. They'll last and last.

If you missed out on planting chrysanthemums, or if you'd like to add more, this is an excellent time to make your selection from healthy blooming plants in cans. You can set them right in the ground, can and all, for instant color wherever you want it; or transfer them to a container for indoor or outdoor show. Either way they'll keep right on blooming for weeks to come.

When your new plants finally finish flowering, plant them anywhere that's convenient, and be sure to label them so you'll recognize them when they come up again next spring. You can decide then where you want them growing next year. One of the nicest things about chrysanthemums is that they never mind making a move, either during their growing season or when they're in full bloom.

THE ROCKEFELLER BILLIONS
by Jules Abels

"God gave me my money," the old man from Cleveland said. Others charged that cunning, ruthlessness, and fanatic penny-pinching made John D. Rockefeller rich.

The Rockefeller Billions, astoundingly researched, studies the genesis of the estimated $4,000,000,000 Rockefeller fortune, and establishes how one man built the Standard Oil empire and accumulated the wealth which today is poured out in countless charitable and educational directions. The Rockefeller Billions singles John D. Rockefeller out as outstanding among his fellow magnates for the asceticism of his private life, the generosity that began in impecunious days and grew geometrically with his fortune.

DEATH FINDS THE DAY, A novel by Alan White

This trenchant novel of World War II combines the virtues of a first-rate suspense story with a detailed experience of the acts of killing and dying.

In the middle of World War II, three men have been ordered to watch a hill. Somewhere between German and Allied lines, they are fighting their own war, not only against a highly professional enemy, but against fatigue, physical pain, and a sense of being abandoned, an oppressive feeling of having no part to play in the grand stratagems of war. Bravery, cowardice, greed and generosity, knowledge, and stupidity, all play their parts in this perceptive appraisal of the intimate human aspects of wartime soldiering as a volunteer commando.

ONE HUNDRED YEARS OF THE NATION
edited by Henry M. Christman

A Centennial Anthology, 1865-1965. Since its first issue on July 6, 1865, The Nation has played a prominent role in the social, economic, and political life of our country.

Refusing to be labeled conservative, liberal or progressive, The Nation has been a strong moral force throughout this century. Among the many distinguished contributors to this collection are Henry James, Bernhard Berenson, Robert Benchley, Sinclair Lewis, H. L. Mencken, John Dos Passos, Thomas Mann, etc.

THE NONGRADED HIGH SCHOOL
by Frank Brown

No person interested in the future of American education can afford to ignore this amazing experiment. Dr. Brown, Principal of the Melbourne High School in Florida, took a fresh look at every tradition in high school education, and bold, dramatic changes made. Old-fashioned standard grade-levels were abolished and "phases of learning instituted in their place. Students were taught in small and large study-groups. They were encouraged to advance at their own pace. When these changes were made the percentage of drop-outs fell to only 4 percent. College enrollment of graduates jumped from a normal 40 percent to 70 percent. The school attracted nation-wide attention.

Favorite recipes from our Campbell readers

From now on, most of us will be busy with Christmas shopping and it is probable that some of the meals we serve the family will be last minute ideas. Here is a tasty main dish which requires only 25 minutes cooking time and is exceptionally easy to prepare.

JAMBALAYA
CALIFORNIA

- 1 1/2 cups tomatoe juice
- 1/2 cup sauterne or other white table wine
- 1 chicken bouillon cube
- 1 Tbsp. butter
- 1 Tbsp. minced onion
- Salt, celery salt, pepper to taste
- 1 cup uncooked rice
- 1 cup slivered cooked ham
- 1 cup cooked or cannd shrimp.

Combine tomato juice, wine, bouillon cube, butter and onion in a saucepan. Bring to a boil and stir until bouillon cube is dissolved. Season. Gradually add uncooked rice to the boiling mixture. Stir in ham and shrimp. Cover and cook gently for about 25 minutes, or until rice is tender and all liquids absorbed. Stir gently before serving. Serves 4.

Student majors in advertising have chance for $500 award

Students majoring in advertising who hope to pursue a career in the field of a newspaper in California are being sought for a $500 cash award.

The presentation will be made in person at the February convention of the California Newspaper Publishers Association.

Anyone interested in entering the contest should write the CNPA Advertising Scholarship Committee, 615 South Flower Street, Los Angeles, or follow the rules outlined in this story.

"This is a great opportunity for a serious-minded advertising student, a chance to become acquainted with every publisher in the State at the convention, and I daresay virtually guarantees the winner of the widest possible choice of jobs both during the summertime and after graduation," Mel Hodell, Upland News Publisher and Committee chairman, said this week.

The complete rules and regulations are as follows:

1. Award to be made on basis of grades, student activity, newspaper work experience, dedication to pursuit of newspaper advertising career, aptitude, personality, and need.

2. Award is for one-time only, with no follow-up award to be made to same person.

3. Applicant must be enrolled in a California higher educational institution as a sophomore, junior, or senior (effective Fall of 1965), and intend to pursue a career in newspaper advertising.

4. Information should be submitted to the CNPA by Nov. 30, 1965, covering the following:

A. Complete biographical data, including educational and vocational information.

C. Official transcript of grades and courses taken.

D. Any desired accompanying letters or information to aid the judges.

5. Applicant must be available for an interview in December or January, 1966, with the CNPA Committee; and be willing to attend the CNPA Annual Convention in February to receive the award.

6. CNPA Committee decisions are final.

7. Correspondence and information should be addressed to California Newspaper Publishers' Association Advertising Scholarship Committee, 615 South Flower Street, Los Angeles, California 90017.
